### WETASKIWIN POST OFFICE SITE

An offer was received this week from the government by the West. Estate to purchase the site on which the Imperial Bank now stands for a post office site. This is the property on which an option was obtained last fall, but as the time expired in January last it now remains with the West estate whether the deal will be consummated or not. The Times has been reliably informed however, that the offer will likely be accepted.

### STORES CLOSED EARLIER

On or about May 3rd all the stores in the city will commence to close one half hour earlier than at present. At the meeting of the city council on Tuesday evening a motion, signed by seven Wetaskiwin men in the city was presented, urging that the by-law be amended providing for the closing of the stores every day except Saturday and Sunday a half hour earlier. This will be passed by the council.

### THE GREENWICH MEETING

The Union Evangelistic Services in America, conducted by Evangelist Lawrence Greenwood of Boston, Mass., are meeting the expectation of those who launched the campaign.

From the very first there have been most encouraging signs to lead those in charge to feel amply justified for every preparation made for wide spread success.

Sunday last the churches came together in union notwithstanding special Easter preparations and the Opera House being crowded to its utmost capacity, a number having to stand during the service. The meetings are reaching the wide city as is seen in the union of the Swedish churches in the movement.

Free from all other method. Mr. Greenwood twice and preaches the gospel twice a day as one who believes it and certainly is winning the attention of the people of Wetaskiwin.

Sunday Mr. Greenwood will speak three times, special stress being laid on the union young people's meeting at 3 o'clock and the one for men only at 7.30 while a meeting for women only will be held in the Presbyterian church at the same hour. Addressed by one of the pastors. Preparations are being made for a great week next week. Wednesday will be a special day with services at 10 a.m., 3.30 and 7.45. On Sunday morning a union meeting of the churches will be held in Angus Hall at 11 o'clock, preceded by a service for prayer in the Presbyterian church from 10.15 to 10.45.

Invitations have been sent to neighboring towns and already responses have come indicating the desire of different congregations to attend.

### CITY NEWS

Mrs. H. Huet of Council Bluffs, Iowa, and James Childress of Memphis, Mo., are visiting their sister, Mrs. W. A. Howard.

The engagement is announced of Edith Francis, daughter of Rev. and Mrs. Orlando J. Roberts, late of Dickinson, England, now of Port Chippewyan, to Sergt. Richard Field, R.N.W.M.P., stationed at Port Chippewyan.

Mrs. Howard, who has been very ill for some time, is improving slowly.

Mrs. Geo. O. Clark will receive for the first time at her home, on Wednesday, the 28th.

The Summerland Review in its last issue gives an account of the reception to Rev. A. T. Robinson M. A., on the occasion of his marriage to Miss A. L. A. Murgott, which event took place at Vancouver. Mr. Robinson was pastor of the Baptist church here about five years ago and his many friends in this vicinity join in extending congratulations.

United Farmers Associations, L. P. O. and all other organizations are requested to send in the minutes of their meetings to The Times for publication.

What are you doing for your town? If you have any confidence in the growth and improvement of the town and country in which you live, how on earth do you expect other people to move among you and cause the country to develop and grow for your benefit. At present there is a "banishing the city" movement in all the leading cities of Canada, and Wetaskiwin with its many advantages, cannot afford to be behind.

Several flocks of geese have been seen passing over the city during the past few days, showing that the lakes will soon be open. Ducks are also moving north.

Isn't it pretty nearly time when the local baseball season is getting up and notice of the time for year, if anything is going to be done in the way of organizing for the season. Surely with several of last year's classy tossers on deck and some first class new blood available, a fast travelling bunch could be corralled to represent the city in games with other amateur teams.

Miss Bowser of the government office, Edmonton, was the guest of Mrs. R. C. Switzer, during the week end.

C. E. Tighe was in the Twin Cities this week combining business and pleasure.

There is a coal famine in the city at present, owing partly to the miners' strike in the south and to the unsafety of the river in the north.

L. P. Nygren and family, formerly of Crooked Lake, left on Monday for Minnesota where they will reside in future. This change was necessitated on account of Mr. Nygren's poor health.

A large number from here attended the R. C. basket social and concert at Millet on Monday last. They report having had a most enjoyable time.

W. H. Odell, barrister, was the guest of Mr. and Mrs. W. A. Brodie, of Ponoka, last week.

The boys of the Wetaskiwin Fire Brigade are holding a dance this Thursday evening.

Mrs. Hugh Basillic of Selkirk, came in on Tuesday morning to visit friends.

The probationers of the Methodist church in this district, are writing out their examinations this week in the Methodist church. Rev. C. S. Laidman is the presiding examiner.

Albert Wynne, who spent the winter at the old home in Ontario, returned to the city on Saturday last.

Miss Burger of the Edmonton teaching staff, spent the holidays at her home here.

All Odd Fellows in the district are cordially invited to join Wetaskiwin Lodge No. 8 on Sunday, April 25th, to commemorate the sixtieth anniversary of the founding of the order, by attending Divine service. It is expected that Millet Lodge will be present. All members are requested to meet at the Odd Fellows hall promptly at 2.30.

Mrs. V. C. French will not receive on Friday of next week or again this season.

C. A. Moore, who is moving from Norman, Okla., to near Millet, was in the city on Monday.

### THE EYE-OPENER MAY BE MOVED TO TORONTO.

R. C. Edwards, editor and proprietor of the Eye-Opener, is considering a very flattering proposition from certain business men in Toronto to transfer his paper to that city. The proposition was first made last autumn, some time before the Dominion elections. At the announcement of the elections, however, Mr. Edwards was induced to remain in this city. The offer then made has been renewed and Mr. Edwards seems likely to accept it.

The Eye Opener will be turned into a joint stock company, but Mr. Edwards will retain a controlling interest. The change, if made, will be a very early date—Calgary, Alberta.

### TRAVELLERS' CHEQUES.

Travellers will find the new form of Travellers' Cheques now being sold by The Canadian Bank of Commerce, a great convenience for obtaining money away from home or in foreign countries. They can be bought at any office of the Bank for sums of \$10, \$20, \$50 or \$100 as may suit the purchaser. Hotels and banks everywhere in the civilized world will cash them, and no dispute can arise as to identification or the amount of money which the traveller may expect to obtain for them. On the face is printed the name of the principal Bank, the currencies which the holder is entitled to receive, and in Canada and the United States they pass everywhere at par. A list of banks which will cash them accompanies all cheques sold.

### SUPREME COURT.

The supreme court commenced its sittings in Angus Hall today with His Honor Judge Bell presiding. Good progress was made at the morning session, nearly all the criminal cases being disposed of. The following are the cases:

- Ex vs. Nicholson. False pretences. Not guilty.
- Ex vs. Nicholson. Forgery, pleaded guilty and sentenced to two years in Alberta penitentiary.
- Ex vs. Thew. House stealing. Def. ill in hospital and case is adjourned until next sitting.
- Ex vs. Klappert. Fraud.
- Ex vs. Brine. Nuisance.
- Western Milling Co. vs. F. Hamilton. Utas vs. Colby et al and C. P. R. garnishments.
- David vs. Connolly.
- Turman vs. Jamison.

Mr. Smith of Galt & Smith, the engineering firm which has the contract of installing the system of waterworks and sewerage in Wetaskiwin, arrived in the city a couple of days ago and is looking over the ground with a view to commencing operations as soon as the frost is out of the ground. He has nothing definite to announce at present, but the work will be begun as expeditiously as possible and in a manner that will cause no regret that this firm has the contract in hand.

**PREPARING TO TRANSPORT BUFFALO FROM MONTANA**

Edmonton, Alta., April 10.—W. S. Elliott, of Butte, Mont., who is visiting in the city, has returned from an extensive trip through the northern part of Montana, where he is managing 300 head of Buffalo, purchased from R. Pablo, by the Dominion Government, are roaming the prairies. Mr. Elliott is not an optimistic regarding the capture of the monarchs of the plains as Mr. Pablo, and Howard Douglas, superintendent of parks and forest reserves.

In the course of a few days an army of cowboys under the personal supervision of Mr. Pablo will commence the last general round-up of the shaggy beasts. The country in which the animals are located is a series of mountains and foothills dotted thickly with chaparral and sage brush. Once the buffalo are located they will be driven into a large "V" shaped corral and held there until all are within the enclosure. In the course of time it is hoped they will be gathered in a small enclosure, and then singly they will be driven into a loading chute at the bottom of which is the heavy cage in which they will be transported over the hills to the railway station, 35 miles distant.

Forty-two of these wagons have been especially constructed for this work and the loading will take at least three weeks. The wagons are constructed of heavy oak timber resembling railway ties, and each contains its load of freight weighs in the neighborhood of 2,500 pounds and will need six horses to pull it between the corral and the railway station.

At Ravalli, the animals will be loaded into special cars on the Northern Pacific railway and will start on the long railway journey. The special train will be made up of at least thirty-five specially constructed cars, each divided into separate compartments, and strongly reinforced to prevent any possibility of escape. From Ravalli the train will proceed to Lethbridge, where the train will be held over for a couple of hours to allow of feeding the animals which will be removed from their cages. From Lethbridge the train will go over the C.P.R. to Regina, where it will be transferred to the Canadian Northern, thence to Saskatoon, where the last change is made to the G.T.P., on which the train will pass to Wainwright.

At Wainwright the animals will be unloaded into a chute 100 feet in width, twenty-eight feet high and one and a half miles long, extending from the town to Battle River Park, which embraces some 110,000 acres. When this last shipment from the States is completed, counting the calves, it is estimated that Canada will be the possessor of at least 900 Buffalo.

### GENERAL BOOTH

The birthday of General Booth, the octogenarian chief of the Salvation Army, occurred on Saturday and has been celebrated with enthusiasm by members of the religious organization that he has built up with so remarkable a degree of courage and administrative ability. General Booth's career furnishes one of the most striking instances of a great work accomplished from small and apparently insignificant beginnings. His labors have been modelled upon original lines, his work has been persevered in under circumstances of the deepest discouragement and has been carried to a triumphant conclusion in face of almost overwhelming obstacles. From the pastorate of an obscure place of worship in England he has become the chief of a world-wide religious organization numbering millions of adherents and embracing countless phases of activity and of this great army he is not only the supreme ruler, but also the founder, organizer and originator. Once ridiculed and despised, he is now one of the out-standing figures of international interests, universally respected, and the recipient of tributes of honor from seats of learning and from rulers of states, such as are conferred only upon those who have rendered acknowledged and distinguished service to the public weal. The Salvation Army in its early days met with violent and fanatical opposition and abuse. But, like many other movements, it prospered under persecution until today it has reached a position of extraordinary power and expansion and has won for its self the regard of all who sympathize with effort for the uplifting and amelioration of the lot of humanity. There are still some who look askance upon the methods of the Salvation Army, but there are few indeed who would deny that it is doing a splendid work in its own way and is fulfilling with remarkable success the objects set before it by its venerated chief.

### CREAMERY OPENS MAY 1st.

As some of the farmers are inquiring about the opening of the Wetaskiwin creamery I might state that the creamery will be operated this year as usual by the Government and the cream will be received about the 1st of May. The directors are looking up patrons and expect to have several new routes in operation and it is to be trusted that the farmers will patronize their own creamery. It might be stated that the Government is not operating the creamery for profit but merely to encourage the industry and any profit that is made goes direct to the farmer, the payments being made each month in cash by the Government Dairy Department. It might be stated that last year about twenty cents per lb. for butter was received net to the farmer, and it paid according to better fat per lb. it would be from 16 to 25 per cent more. Last year each patron made his own arrangements for delivering cream, but it is expected that the new routes being organized will be more satisfactory and that the results this year will be exceptionally good.

—J. Bradley, Secy. Wetaskiwin Dairy Association.

Applications for trees for planting this spring are still being received by the Dominion Experimental Farm at Lacombe, Alta. The varieties available are the Box Elder or Manitoba Maple and the Caragana or Siberian Pea Tree. Either of these are sent by mail in lots of 100 to each applicant free of charge. Either variety may be used to form a windbreak but he latter if so desired may be used if desired be kept as a hedge. It is hoped that advantage will be taken of this opportunity to secure trees which when grown, will increase the value of every holding where planted.

All forms required by Local Improvement districts, tax notices, assessment notices, tax reminders, tax receipt, and all kinds of school district forms at The Times office.

To know what are the best bargains to be had in the stores in this town—as you may know by reading the ads.—is knowledge worth having.

CLEAN UP AT ONCE

The citizens of Wetaskiwin should lose no time in getting their premises cleaned up this spring. The streets are clean and many of the premises are in a more filthy condition than they have been in for years, and if the filth and rubbish is permitted to long remain it may be expected that an epidemic of disease will break out in the near future. An ounce of preventative is worth a pound of cure.

### COAL MINING REGULATIONS

COAL mining rights of the Dominion, in Manitoba, Saskatchewan, Alberta, the Yukon Territory, the North-West Territories and British Columbia, may be leased for a term of twenty years as an annual rental of \$1.00 per acre. Not more than 1,500 acres will be leased to one applicant.

Application for a lease must be made to the Agent of sub-Agency of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections and to an surveyed territory the tract applied for shall be stated out.

Each application must be accompanied by a fee of \$5 which will be refunded if the rights applied for are not available but not otherwise. A royalty shall be paid on the maximum output of the mine at the rate of 10 per cent of the net proceeds.

Every lessee or coal mining rights who are not being operated shall furnish the District Agent of Dominion Lands with a sworn statement of the effect of such work on the year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the secretary or superintendent of the Interior, Ottawa, or to any agent or sub-agent of Dominion Lands.

### MILITARY CLUBS

(Concluded from last week)

A recent editorial in the Canadian White Ribbon Tidings were particularly about the crisis that has been reached in this conflict between fogalism and philanthropy. It is as instructive and forcible in all its details that we have pleasure in reproducing it for the information of The Times readers.

The act of license Inspector Galpin in confining some four hundred bottles of intoxicating liquor belonging to the United Sergeants' Mess London, might appear on the surface but one of the usual skirmishes between our provincial government, to whom every fair-minded citizen attributes an honest desire and an honest effort to enforce the Ontario Liquor Law, and the eternally law-violating liquor traffic.

But this act is no mere skirmish. It is, in fact, a pursuing of the enemy into one of its strongest citadels, even that of prestige given to liquor drinking by its entrenchment in the military customs of the past. That this is true is proven by the echoes that this little local transaction is provoking from sea to sea.

For those of our readers who may not have followed this case closely we give its history to date. After the seizure and promoters of this particular mess or military club, were summoned to appear at the police court on the charge of selling liquor illegally and eventually were fined \$50 and costs. Great threats of appealing Magistrate Love's decision were made the point involved being the supremacy of military custom over provincial law. However, no doubt, on legal advice, there is to be no appeal, and the fine is to be paid and the matter dropped so far as this particular mess is concerned.

All this shows that in military circles there is a well grounded fear that the present liquor drinking privileges which the militia have claimed as a matter of course, are in extreme danger; therefore this is the opportune hour for agitation against the military bar. What is the Why and Wherefore of this class legislation? Why? Why in the name of justice should there not be a blacksmith's bar and a grocer's bar?

The suggestion to license these bars giving testimony to the harmfulness of liquor drinking, with that minute world of war, the world of the sport and the athlete, arrayed on the side of the teetotaler; with commercialism crying, "Away with alcohol," and with the calm and insistent voice of medical science proclaiming "Alcohol is a poison. Its kills in large doses, and half kills in smaller ones. It produces insanity, delirium, fits. It poisons the blood and wastes the man"; why should we, in the light of all that is sane, have licensed bars to debauch our militia?

According to the Ottawa Free Press there exists in Canada nearly one thousand of these military bars. It would be interesting to know how much liquor is yearly handed out over them, and the average amount drunk by each soldier. It might be if these figures were made public, that our confidence in the efficiency of our officers and soldiers would be shaken.

The Toronto Star strikes the right note when it asks, "Has 'Last Post' been sounded for the liquor selling privilege of the military messes?" To this the London Free Press adds the pertinent query, "It is necessary to the efficiency and comradeship of the Canadian militia that these privileges be maintained?" and who in the light of the twentieth century will answer "Yes?"

### THE PROPOSED HUDSON BAY

From "Surveying the Hudson Bay Country," by Isaac Cowie, in "CANADA-WEST" for April.

Naturally the route does not find much favor with the little Canadians in the East, who think that all western grist should pass through their mill, forgetting that the prospective West means a prospective East also. There are also others who sincerely doubt the availability of the route. But all these doubts must be set aside by the splendid summary of the reports of other government experts, such as Dr. Robert Bell, the well known scientist, and the result of his own personal experience, extending over a number of years, given by Mr. A. P. Low, Director of the Geological Survey of Canada, in his interesting book, "The Cruise of the Neptune," 1906. He says: "There is no natural difficulty in the navigation of the bay and strait so far as depth of water, presence of obstruction and width of channel are concerned, and if situated in a more southern region, the route would be a deal one for the navigator."

Hudson Strait and Hudson Bay do not freeze solid, but are so covered with masses of floating ice as to be practicable for at least seven months in the year. The ice does not begin to melt until well into the month of June, and is not suitably melted for safe navigation with ordinary steamers until the middle of July. No ice is formed in the strait and bay sufficiently heavy to obstruct ordinary navigation until the latter part of November. The period for safe navigation for ordinary iron steamships through Hudson Strait and across Hudson Bay to the Port of Churchill may be taken to extend from the 20th of July to the 1st of November. This period might be increased without much risk by a week in the beginning of the season and by perhaps two weeks at the close."

Admitting that the route by the bay opens two months later than that by Lake Superior, still by reason of the thousand miles of distance saved, and on account of its being on the ocean itself, on which all freight carriers can come and go, the capacity of the bay route is very much greater than that by the lakes and canals. During at least four months of the year the strait and bay can be safely navigated by all such vessels as frequent without undue risk, the Gulf of St. Lawrence.

### LEWISVILLE

(Intended for last week)

Mr. Schneider lost three of his cows last week, evidently by poison.

Mr. Hordorf Jr., was on the sick list, the beginning of the week.

Mr. Claude Stowell is home at present.

Messrs. Porter & Bussard took a nice bunch of steers to market on Monday.

Mr. W. McAllister is roofing a chicken house for Mr. Dyberg.

Our students and homesteaders are expected home for Easter.

Mr. U. Stowell was down the line last week (tending a sale of purebred cattle and brought home four fine Ayrshires. One cow has a record of over one thousand pounds of milk last year. We didn't hear the price but the calves will be worth seventy-five dollars a head and one two-year-old heifer and calf sold for two hundred and five dollars. Purebred stock is no longer so cheaply as any other kind, and although it costs a little more on the start, yet the profits are so much greater that it can't understand why farmers go raising stock that hardly pays for their keep.

J. G. Gibbon anticipates a very busy season in the creamery this year. Wagons will soon be out.

Group positively stopped in 30 minutes, with Dr. Shoop's Cough Remedy. One test alone will surely prove this truth. No vomiting, no diarrhea. Safe and pleasing remedy. Sold by same time, in the office, there was a Red Cross Drug Store.

### DR. WOOD'S NORWAY PINE SYRUP

She writes: "I thought I would write and let you know the benefit I have received from the use of your Dr. Wood's Norway Pine Syrup. A few years ago I was so badly afflicted with my lung problem that I had Consumption and I would not live through the fall. I had two doctors attending me and they were very much alarmed about me. I was in bed three months and when I got up I could not walk, so had to go on my hands and knees for three weeks, and my limbs seemed so sore that I could not get up. I was getting better when I happened to see in the B. B. Almanac that Dr. Wood's Norway Pine Syrup was good for weak lungs. I thought I would try a bottle and by the time I used it was a lot better, so got more and it made a complete cure. My little boy was also troubled with weak lungs and he cured him. I keep it in the house all the time and would not be without it for anything."

Beware of imitations of Dr. Wood's Norway Pine Syrup. Ask for it and insist on getting the original. Put up in a yellow wrapper and three pins tie the trade mark.

## BIG INCREASE IN WHEAT 'CROP' FORECASTED

Fort William, April 10.—There will be 7,500,000 acres under crop in the West this year, an increase of nearly 50 per cent. increase over last year, is the statement of Charles C. Castle, warehouse commissioner of Manitoba, who is in the city today on a regular inspection trip preparatory to the opening of navigation. Mr. Castle also states that the weather conditions in the West are fine and that in another eight days the heaviest part of the crop will have been put in.

### COUNCIL PROCEEDINGS

The regular meeting of the city council was held in the council chamber on April 6th, all present.

Minutes of regular and adjourned meetings read.

The following communications in and out were taken up.

Mr. Kinnaird applying for position of auditor as he had been given to understand that the present auditor had resigned.

O'Brien—Montgomery—That Mr. Kinnaird's letter be acknowledged and that he be told that no resignation had been received, but if it arrived his application would be considered. Carried.

Waples Hubber Co. re chemical engine.

Gross—Montgomery—That letter be acknowledged and firm informed that council was not ready yet, to accept any proposals. Carried.

J. A. Lee asking information re water works and sewerage construction.

O'Brien—Gross—That clerk be instructed to give the necessary information as far as possible. Mr. Lee to be informed that work would be in the hands of the consulting engineers.

P. Langston rendering account for services at fires and asking for payment.

Nunneley—Gross—That Langston be paid \$7.50, Chas. Bowie \$3.00, Wm. Hughes \$5.00 and Robertson for 45 hours \$11.25, in full for respective claims to date, for fighting fires. Carried.

Rev. W. G. Fortune, secretary Temperance and Moral Reform League, re infraction of liquor by-law by various hotels in the city.

Ald. Montgomery inquired whether or not the council had any jurisdiction in the matter of enforcement of provincial enactments.

Ald. Olin thought it would be advisable for the police committee to inquire into constables to see that the liquor license ordinance was being lived up to.

Ald. O'Brien stated that he had not previously heard any complaints along the lines mentioned in Mr. Fortune's letter. If there were any informations from them, the parties having the proofs should lay the information.

His Worship the Mayor, was of the opinion that these allegations of infractions of the ordinance were mere heresays, and that they had no foundation, in fact, he was "utterly sure" that as far as the sobriety of the people of Wetaskiwin and their conduct generally was concerned, the same was exemplary, and could be emulated by cities in this and other provinces.

Nunneley—O'Brien—That Mr. Fortune's letter be answered to the effect that if he has proof of his allegations that he had better lay the information himself. Carried.

W. J. Loggie giving his opinion re Workmen's Compensation Act.

O'Brien—Gross—That finance committee go into the matter of insuring employees of electric light plant and bring in a report. Carried.

Buchanan & Brine re drilling gas well.

Montgomery—O'Brien—That letter be acknowledged and informed that council are getting prices on different sets of castings, that there was some delay in getting proceeds of subscription, consequently could do anything at present. Carried.

The Canadian Road Co re compressor.

O'Brien—Gross—That they be written to and informed that city is not in the market at present for the purchase of a compressor. Carried.

Fire chief submitting an account in behalf of Jas. Ryan for pay in connection with fires amounting to \$8.00.

Olin—Gross—That account be laid on the table.

Nunneley—Gross—That bill be paid. Amendment lost. Original motion. Carried.

Mr. D. Alton representing a wood pipe company, addressed the council regarding the advantages of the pipe which his firm carried.

Gross—Higgs—That same be answered, stating that council had made arrangements with Messrs. Galt & Smith, to act as consulting engineers. Carried.

Special committee re Mrs. Harkness claim.

Mrs. Harkness was willing to have building replaced and city to pay 3 months rent at \$20.00 per month. Ald. Nunneley suggested that if council agreed to her proposal it should be made conditional that the place be not used as a Chinese laundry.

Ald. Montgomery thought that it would be better for the committee to bring in a written recommendation.

Montgomery—Higgs—That matter be

referred back to committee to bring in a complete report and recommendation at the next meeting. Carried.

The Mayor on behalf of special committee re widening of Boob street, reported progress.

By-law to raise the sum on \$7000 for department, was read a first and second time.

O'Brien—Higgs—That by-law be submitted to city solicitor and handed to press for publication.

Montgomery—Gross—That a car of Pea coal be ordered at once from C. S. Lott. Carried.

Montgomery—Higgs—That clerk be instructed to write Mr. Blythe asking him if he would undertake audit for 1908, upon what terms and assuring him that books would be kept up to date in future. Carried.

Ald. Montgomery inquired regarding waterworks and sewerage department, if the same had been received for signature also as to how assessment was progressing.

Clerk stated that debentures might arrive any day.

Ald. O'Brien brought up matter of slough near Mrs. Behrens' house, having been informed by the chief of police that somebody deposited manure in slough.

Higgs—O'Brien—That Mr. Ambler be informed that he must haul manure away, cover with earth, or take the consequences. Carried.

Higgs—Gross—That P. Burns & Co. Mrs. Barnhill, Geo. Owens, Mrs. Backholts, Mr. Perkins and Mr. Ambler, be instructed to clean up their lots of all rubbish; that the scavenger be instructed to start at once to clean up streets and lanes; that traders be called for the cleaning up of all streets in town as follows: Roy Street, West, Stanley Street South, Dufferin Street North (East Side), Miquelon Street East and Pearso Street to agricultural grounds. Carried.

Ald. Nunneley handed in names of persons using pits instead of privy boxes.

Nunneley—O'Brien—That clerk be instructed to write parties to have boxes installed within 30 days and clean up pits and fill up the same. Carried.

Ald. Montgomery brought up matter of grand stand, Wetaskiwin Turf Club. He had been asked if the council could do anything in the way of spending a little money in putting grand stand in better shape.

Ald. Gross would like to see some system of laying out grounds adopted.

Olin—Gross—That a committee be appointed to investigate the matter of the safety of the grand stand and see Turf Club as to what could best be done, and bring in a recommendation. Carried.

The following committee was appointed: Ald. Olin, chairman, Nunneley, Gross and O'Brien.

Nunneley—O'Brien—That clerk be instructed to order 200 dog tags No. 1 at \$4.00 per lot, and half dozen special police badges, No. 137, at \$1.50 each. Carried.

O'Brien—Gross—That Mr. Smith be rented hospital grounds as plough lands, at same terms for coming season as previously, subject to city requiring a fraction on west side. Carried.

Nunneley—O'Brien—That all side walk petitions be sent in by June 1st and that the usual forms be used. Carried.

O'Brien—Gross—That the public works committee be instructed to a side walk near Mr. Miller's house. Carried.

O'Brien—Gross—That city scavenger be instructed to lay information again at any party breaking health bylaw after first giving them notice. Carried.

Montgomery—Nunneley—That municipal accounts amounting to \$7712 and electric light accounts amounting to \$478.00 be paid. Carried.

Meeting adjourned.

### MANY DON'T KNOW HEART AFFECTED.

More People Than are Aware of It Have Heart Disease.

"If examinations were made of every one, people would be surprised at the number of persons walking about suffering from heart disease."

This startling statement was made by a doctor at a recent inquest. "I should not like to say that heart disease is as common as this would imply," said the expert, "but I am sure that the number of persons going about with weak hearts must be very large."

Hundreds of people go about their daily work on the verge of death, and yet do not know it. It is only when the shock comes that kills them that the unsuspected weakness of the heart is made apparent.

"But undoubtedly heart weakness, no disease, is more prevalent nowadays. I should think that the stress of living, the wear and rush of modern business life, have a lot to do with heart trouble."

There is no doubt that this is correct, and we would strongly advise any one suffering in any way from heart trouble to try a course of **MILBURN'S HEART AND NERVE PILLS**.

## NEWS NOTES

N. C. Legge and Constable Thorpe of Tisdale, spent good Friday in the city with friends.

The annual provincial horse and plover stock show at Calgary last week was the largest and best ever held. The entries were—570 horses, 65 bulls, 50 sheep, 57 swine, 75 fat grade cattle and several carloads of other stock.

The board of governors of the Saskatchewan university have decided to locate that institution at Saskatoon. Battleford, Prince Albert, Regina, Port Qu'Appelle, Regina and Moose Jaw made strong bids for its location. So strong was the competition on the question that the government decided to save trouble for itself by shouldering the responsibility on the board of governors.

Dancing is recommended by a physician as a means of developing pretty feet. We don't like to advance. As soon as a girl has developed her feet into something really worth while, an award partner would step in and crush it back into ugliness.

When you lose a man sooner at a local paper because it is not as big and newsy as the city papers, you may safely bet that he does not spend many cents in trying to make it better, and that generally the paper has done more for him than he has for it. The man who does not assist and does not see the benefits arising from a local paper is about as much value for a town as a delinquent tax list.

Chicago April 15.—Frank Gotch will be the champion wrestler of the world. Before a crowd of fully 30,000 madly howling persons the American farmer boy tonight ably demonstrated that there is nothing of wrestling, brawn or skill in the Ottoman empire that can challenge his honors. In less than 20 minutes of actual wrestling time, 17 minutes and 10 seconds to be exact, he twice pinned the brawny shoulders of Yusuf Mahmoud, the "Terrible Turk," to the canvas floor, Dexter Park pavilion, and preserved his title in the act. The Turk wrestled with out shoes and agreed to forfeit \$500 to Gotch for that privilege.

## COUNCIL PROCEEDINGS

The regular meeting of the city council was held in the council chamber on Tuesday evening with all present. Minutes of regular meeting held on April 6th, were read, and confirmed.

The following communications in and out were taken up.

Ontario Wind Engine & Pump Co. re shipment of water tower.

Montgomery-Higgs—That letter be filed until report is received from consulting engineers.

O'Brien-Gross—That Ontario Wind Engine & Pump Co.'s letter be acknowledged and that they be informed that council is not in a position at present to have electrical water tank come on, but will advise them later.

R. H. Wood & Co., re hydraulic sinking when permission would be given to ship them.

Gross-Olin—That letter be referred to consulting engineers to go into the matter and reply.—Carried.

C. S. Lott saying that he cannot supply car of coal owing to miners being on strike.

Montgomery-Olin—That light committee be authorized to purchase car of coal at the coal price from any other available source, if deemed necessary.—Carried.

P. B. Keeble—Applying for position of clerk of waterworks in connection with waterworks and sewerage construction.

O'Brien-Montgomery—That applicant be informed that council is not in a position to deal with this matter at present.—Carried.

G. F. Brine again asking for police protection.—The applicant addressed the council at great length.

Montgomery-Gross—That matter be referred to police committee to look into matter and report.—Carried.

D. Ambler, re charge of throwing rubbish into street, alleging that other parties were equally guilty.

Nannely-Higgs—That Mr. Ambler be asked to furnish names of the other parties throwing manure, falling which he must have same filed up.—Carried.

W. H. Odell re building of Mrs. Harkness, submitting proposals for settlement. O'Brien-Gross—That That matter be referred back to committee to consult city collector and report further.—Carried.

Mr. Smith, consulting engineer, addressed the council and discussed matters pertaining to the work for which his firm was engaged.

Montgomery-O'Brien—That Mr. Smith be requested to get out specifications and tenders for necessary supplies for waterworks in conjunction with city clerk and fire and water committee, and then if prices, etc., are suitable, the firms with whom the city has already done business be given the preference.—Carried.

The mayor at this point left the chair, which was taken by Ald. Montgomery.

O'Brien-Gross—That mayor appoint a special committee of 3 to go over grounds of proposed water system. Acting mayor appointed a committee comprising Ald. Nannely, Olin and Gross.

The chairman of the finance committee again called attention of council to the great delay in receiving debentures from the Ontario Securities Co. for signature. Gross-Nannely—That clerk be instructed to wire Ontario Securities Co. re delay in forwarding debentures.—Carried.

Special committee re grand stand. O'Brien-Gross—That report be received and adopted and tenders called for grand stand, land stand and judges stand.—Carried.

Nannely-O'Brien—That cemetery and park committee, with the addition of Ald. Olin, be requested to take matter up, get specifications prepared and call for tenders.—Carried.

Special committee re widening of Stoughton Ave. Olin-Higgs—That report be referred back to committee to get agreements signed as suggested and to report further.—Carried.

Ald. O'Brien gave notice of motion of motion that he would at the next regular meeting of the city council introduce a bylaw re closing of streets.

Tenders for street cleaning laid over until next meeting on motion of Olin-Gross.—Carried.

Gross-O'Brien—That public works committee be instructed to take matter up with Mr. Eggleston re extending ditch.—Carried.

Meeting adjourned.

W. W. Sharpe was a Lacombe visitor last week.

One of the most severe storms of the season struck the city Sunday evening about 9 o'clock and lasted for two or three hours. It consisted of a genuine Northwest blizzard, carried along by a terrific gale of wind. The snow fall was not heavy but the storm was blinding while it lasted. Large numbers of people were in the streets returning from school and they found the home, ward journey anything but pleasant.
